

HOLDERS with USB-C 3.1 for Zebra ET4x, ET6x-series

The Zebra holders with USB-C 3.1 from Brodit are designed to withstand frequent wear and tear in professional everyday use, providing a more productive working day and better working environment with your device within sight and reach. Safe, efficient and convenient!

The cradles offer direct USB-C access enabling simultaneous rapid charging and high-speed data transfer under the Power Delivery (PD) 3.1 standard. The USB-C connection is versatile, allowing for seamless integration with various accessories via USB-C Hubs or splitters that can support ethernet, additional USB-A or USB-C ports, HDMI, 3.5mm audio and more. This allows you to quickly connect external devices like scanners, printers, external cameras, payment terminals and more, increasing efficiency and productivity in your workplace.

A complete solution consists of a holder and your choice of Power Supply. Accessories such as our 3-Port Expansion Hub are also available.
